

NOTICE

Carbon credit with the local communities

Indian Farm Forestry Development Co-operative Limited has taken up wasteland afforestation projects in the districts of Sultanpur, Raebareli and Unnao in Uttar Pradesh. As part of the IFFDC efforts for establishment of carbon sink across India, we are initiating to accredit the afforestation project on Voluntary Carbon Standard (VCS) and share the proceeds from the carbon credit with the local communities participating in the project. As part of our philosophy of involving all stakeholders in our development projects, we would like to register any suggestions or queries regarding the project, which may help us align the project further to the benefit of the local communities and the environment. The comments/queries may be sent to Dr H. C. Gena, Project Manager, IFFDC, FMDI, IFFCO Colony, Sector 17 B, Gurgaon – 122002, hcgena@iffdc.org.in, iffdcho@iffdc.org.in
We would also like to invite you to participate in the stakeholder consultation meeting being conducted on 7th January 2011 (10.00 am to 6.00 pm) at IFFDC Head Office, FMDI, IFFCO Colony, Sector 17 B, Gurgaon – 122002.
